WHY BRING A PHOTOGRAPHER?

You want your wedding to be perfect, so why trust all of the memories of that day to be captured by a stranger or by a friend or family member who should be enjoying your wedding day? You will meet us and work with us before your wedding day, so there are no surprises. We will help to make your wedding day enjoyable and stress-free. You can be sure that your memories are captured the way that you want and know that your photographer will be there to help you every step of the way, from the planning process to designing your wedding album and everything in between. Yes, it costs more but aren't you worth it?

BOOK WITH CONFIDENCE

- If you are not 100% convinced that we are the right photographers to handle your wedding photography, let us prove it to you. Come in for your free engagement portrait session, you will meet us, work with us and have all of your photos put online in your very own portrait gallery, without any obligation. You sign nothing, pay nothing and order nothing unless you are positive that we are the right choice for you. We will not put you on the spot to make a decision. You can go home, view your photos online and simply call or email us back when and if you are ready. It's that simple.
