

American Clay workshops offered by Lisa Teague Studios

Background: As a certified instructor and finish artisan, I am an applicator, trainer, and dealer of American Clay products. With twenty years of experience developing and applying custom finishes, I bring a unique perspective to efficient work practices and marketing.

The class: One Day American Earth Plaster Workshop

One-Day workshops are appropriate for both the plaster professional and the Do It Yourself homeowners ready to tackle new projects. Inspired by Green Collar Vets, a non-profit organization training veterans in green building techniques, we are honored to offer our workshops at no charge to returning veterans.

Goal: Learn theory and application skills in a hands-on one-day workshop in the Portsmouth studio.

Leave with an understanding of the history of American Clay Earth Plaster, the advantages of using American Clay, the unique qualities of the product, general wall preparation and techniques for application. This is a hand on class. Come prepared to learn and get dirty!

Fee: Cost of class is \$240.00. This includes materials, tools to use in class and lunch.

Mark your calendars! Upcoming workshop dates:

November 12th

December 17th

February 18th

March 25th

To sign up for a workshop, email andi@lisateague.com or visit the website to learn more (www.lisateague.com).
