KARATE EXTREME

### WHAT TO EXPECT

Expect to be yourself, to be impressed and to have fun. Our portrait sessions are not the typical, boring photos that your parents had in high school, they're fun, unique and exciting. They're a chance to show the world who you are and what you're about. We mix fashion and urban landscapes, city scenes and glamour, to give you the most creative photos possible. You will get much more than just a yearbook photo, with us, you will get an entire experience that will leave you feeling like a star. We do not set time limits on our senior sessions but you can expect a studio session to last 1 to 1 1/2 hours and outdoor sessions can take between 1 to 2 hours, depending on locations.

### WHAT TO WEAR

First and foremost, be yourself but remember, these photos will be around for the rest of your life... You should bring a variety of clothing changes, both casual and semi-formal, as well as anything that defines you. Bring a musical instrument, sports gear, a vehicle, a pet or anything else within reason. You can even bring a friend to join you in a few photos. Try to avoid skin or hair products that are oil-based, they will reflect light and cause a glare in your portraits. If you have an idea for a photo or a photo from a magazine, bring it or discuss it with us before your session so we can create that special portrait just for you. We will try almost anything to get the perfect photo. Bring some music for your session, relax and have fun.

## PORTRAIT SESSIONS

### **INSIDE OUT**

**\$100**

This session starts in the studio where you will have a variety of backdrops and clothing changes. After the studio shoot, we move outside to a 40 acre nature preserve, where you will be photographed in a variety of locations in your less formal outfits.

### **URBAN STREET SCAPES**

**\$150**

Have your outdoor portraits done in an urban surrounding as we move from the studio session to the streets of downtown Madison. We will use landmarks, streets and alleyways to get the perfect portrait. This package includes your studio session. The studio and street sessions are done on separate days.

### **URBAN STREETS AT NIGHT**

**\$175**

This is the same as the above session but it is done just before dusk. We will use daylight, sunset and the lights from downtown Madison to get some intense, dramatic photos.

Your session fee includes unlimited clothing changes, indoor and outdoor portraits and unlimited poses. You may choose color and black & white photos at no additional cost. Pets are welcome with advanced notice. There is a \$25 deposit required to hold your appointment. The deposit is refundable up to 24 hours before your session. The balance of your session fee is due when you come in for your portrait session. You will receive a personal on line gallery with a secure shopping cart so you may view, share and order portrait reprints directly from our website.
