### Please Read and Thank You for Responding!

We hope, with God's help, to rally as many as a thousand friends of Young Life to commit together to reaching out to kids across the world with the good news of the Gospel through a week of Young Life camp! We know that as friends like you sign on, it will create a momentum that can only be generated when we partner together.

Because of the decisions that you make regarding this fund, others will be encouraged to participate. Because we want to encourage each other in how we are doing, we would ask you for two things:

1. At some point we may want to publish the fact that you have partnered with us in this effort (no dollar amounts will ever be associated with your name). May we have your permission to do so?  Yes  No
2. Would you tell us, as best you can today, what you think the range of your potential future gift may be? We fully understand that situations can change and that extenuating circumstances exist. Putting a dollar amount on this form does not constitute a legally binding pledge in any way. This is simply a way for us to track our progress and celebrate/encourage each other along the way. This information will be held 100 percent confidential.

**Please list the specific reasons/background as to why you are seeking a scholarship for this camper. Include information on spiritual, financial and family considerations:**

Steve first came to club early in the Fall. We met him in the lunchroom and quickly fell in love with this little awkward red headed kid. He is just like any other 16yr old boy except he doesn't have a family. He has been in and out of foster homes his entire life. He was born addicted to crack and both his parents are in prison. When we met him he was fostered into a family with a few other kids but due to financial reasons they had to "let him go". He now lives in a children's home and never misses YL. We have all become "mentors" thru the state so we can hang out with him and take him to and from the home. While not a believer, he asks the best questions and hopes to go to camp. The state has refused to pay his way, so thanks for helping us get Steve to camp!
